Faith & Fellowship

This year we have replaced Secret Sister with this new idea which we hope will encourage new friendships and an easy way to serve and share with the women in this church as we grow in grace and love through Faith and Friendship.

How do the groups work?

You have been placed in a group with three other women. It is up to you how regularly you catch up but we would love you to get to know each other and care for each other in prayer.

Our hope is that these groups will provide a way for us as women to be encouraged, built up in our faith but also have our journey shared.

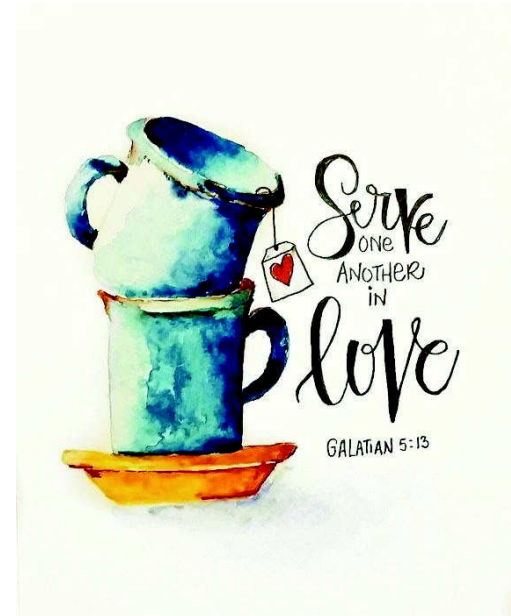

F&F weeks:

Every couple of months you will be reminded that it is a week to meet with your group. You will be encouraged to follow a different theme each time you get together.

Women's Events this year:

There will be two Women's Events this year designed for you to bring your friends and family along to.

The first is a Pamper Party and the second a Card and Jewelry making night.

Some new ideas for us:

This year we would also like the small groups to think about how they can care for the women that make up the church and also those who serve outside of it.

We would love for you to think about individually or as a group putting together care packs for our Missionaries as they return for sabbatical. Also being willing to be part of our token program where we will help families by giving them a token to cash in for babysitting or a meal.

These are just some of the small ways we hope to build a stronger connection as we care for those around us.
